

Dominik Ziriakus

Dominik Ziriakus is responsible for the Governmental Affairs at IONITY since January 2018. Before that, he was coordinating charging infrastructure activities on behalf of BMW Group starting in 2013. These activities included publicly funded projects in Europe and Germany (e.g. SLAM, Fast-E, EVA+, Ultra-E, FastCharge) as well as supporting regional charging networks around the globe (e.g. New Zealand, North America, Asia).

Dominik Ziriakus studied mechatronics engineering in Augsburg, Germany.
